Transforming Memories Into Treasures!

AVH Studios thanks you for your interest. We are So-Cal's Photography and Video Solution!

We offer a specialized and unique range of products and services, which we tailor to each team or event

Our dedicated staff, comprised of Professional Photographers and Editors, whose years of experience producing action packed segments for Network Television promises a five star **QUALITY** experience.

We offer a unique Fundraising program, which gives parents the opportunity to capture the special moments in their children's lives, and teams the opportunity to raise funds for needed equipment or traveling funds. Best of all, there is no record-keeping hassle for your organization!

Instant Action Photography

What could be better than contracting your own dedicated photographer to capture the action packed game moments that you just can't get from the stands?

We'll be there (home games) on the sidelines, keeping pace with the action and capturing those wonderful shots for players and parents!

We'll set up a booth for same day sales of photos and the team shares in the profits! Over the course of the sports season, sales add up with no further work from your players, staff or parents. Allowing them to concentrate on the game and having fun. An effortless fundraising success!

Team Portraits

At AVH, one of our founding principles, is to give back to the communities that we serve. We achieve this goal by contributing a generous portion of our proceeds back to your league, team or school! We are now offering this Fundraising program with our Portraits too!
